

Intec FRP Products

<https://www.intecfrpproducts.com/>

We at INTEC FRP PRODUCTS combine our expertise in composite material science, process and technology with a deep understanding of customer needs to deliver innovative products that outperform traditional metals and woods.

About Us

Intec FRP Products was established in the year **2007** as a Manufacture and exporter of a wide range of Fiber Glass Products. The offered range of our products is designed & fabricated using the finest quality wood and other allied materials with sophisticated technology in accordance with the set industry standards. Moreover, we employ latest technology and sophisticated machinery at our end for designing and manufacturing these products. **We export our products all over the world.**

Our organization is supported by our well-developed infrastructure base which has contributed towards the tremendous growth and success of our organization. Moreover, we make sure to customise the products as per the exact details specified by the esteemed customers. We also check these products on certain well-defined parameters to gauge their defect-free nature. We make an unconditional effort to uphold buoyant association with our clients.

Under the adept leadership of **Mr. Dipak Pandya**, the company has shown an astonishing performance over the years. With the support, in-depth process knowledge and domain expertise of our mentor, we have been able to understand as well as handle the exact needs of our clients in the most perfect manner.
